**Attachments:** DRAFT EPA DNREC Bloom Regulatory Analysis - maf.docx

Hi Sara,

Thanks for putting this analysis together – I think it does a good job reflecting our discussion last week. Attached are our comments – I don't think there's anything major – just some points to help clarify some things on our end.

Also, on the DSW flow chart, I think you might want to add “ands” on the second horizontal line from the top (between the ‘meaning,’ ‘not,’ and ‘either.’).

Let me know if you have any questions!

Thanks,  
Melissa

Hello All,

It was wonderful going into the weeds (and over the river, and through the woods) of RCRA with you all last week. Many thanks for all of your hard work and insight in putting this analysis together. Attached, please find a report of our discussion and findings and revised flowcharts to accompany the report.

Please provide any feedback by the end of the day Tuesday, 2/9.

Thanks very much,  
Sara K.
